What actually happens

ก่อนขึ้นเตียง — จะเจออะไร

The companion to “The words on the sign”. That sheet tells you what a shop sells; this one tells you what the hour is like once you have said yes.

ใส่เสื้อผ้าไว้ — Clothes stay on

นวดไทย <i>nuat thai</i>	clothes on - floor mat - 1–2 hr Loose top and trousers, usually lent to you. Thumbs, palms, elbows and knees; they will stretch you and may kneel or stand on you. No oil, so nothing to wash off after.
นวดคอ บ่า ไหล่ <i>nuat khwa baa lai</i> · “neck, shoulder-yoke, shoulder”	clothes on - chair or mat - 30–60 min The quick one, and the most-ordered item in the city. Sitting up or face down, fully dressed, no room needed. What to ask for if you have thirty minutes.
นวดเท้า <i>nuat thao</i>	trousers rolled up - reclining chair - 1 hr Feet washed first, then a wooden stick (ไม้กดจุด) and thumbs on the soles — and the whole lower leg to the knee, which is fully half of it. Toes and ankles get stretched. This is NOT Western reflexology: no organ map is being followed, the sen lines of the foot and calf are. Shops that print “reflexology” on the board almost always mean this.
กัวชาหน้า <i>kua saa naa</i> · “gua sha, face”	clothes on - face up on a table - 30–45 min A smooth stone drawn along the face, jaw and neck with light pressure, for puffiness. It should leave NO marks — the red streaks belong to body gua sha, and on a face they mean it was done too hard. Often sold inside a facial.
นวดคนท้อง <i>nuat khon thong</i> · “massage, pregnant person”	clothes on or draped - side-lying with bolsters - 1 hr Side-lying, no pressure on the abdomen, nothing deep. Worth asking outright whether the therapist has trained for it rather than assuming the menu means they have.

ต้องถอด — You undress — to underwear, or fully under a towel

Disposable pants are normally offered; ask if they are not. The towel is moved to uncover one area at a time. A private or curtained room is simply how oil work is done. ปกติมีกางเกงกระดาดให้ ถ้าไม่มีขอได้

นวดน้ำมัน

nút nám-man

underwear or nothing · table · 1–1½ hr · private room

Oil, long strokes, a table. You leave oily — most shops outside the spa tier have no shower, so plan the rest of the afternoon accordingly.

อโรมา

à-roo-maa

as นวดน้ำมัน · + 50–150 ฿

The same treatment with a scented oil you pick off a tray. Nothing else differs. Swedish, hot-oil and hot-stone are the same hour with another variable changed.

นวดนม

nút nám-nom · “milk massage”

as นวดน้ำมัน · often sold with a scrub

Oil massage with a milk-based lotion instead of oil, sold for dry skin. Mind the near-miss: นวดนม without น้ำ means breast massage, and นวดเปิดท่อน้ำนม is duct massage for nursing mothers — a real and quite different service.

นวดออฟฟิศซินโดรม

nút ốf-fít sin-droom

undressed to the waist or fully · table · 1–1½ hr

The name sounds clinical; the treatment is deep oil work on neck, shoulder blades and upper back, often with a hot compress. Expect to be asked to undress, and expect it to be the most painful item you could have ordered. Say เมา ๆ freely.

ขัดผิว · สครับ

khàt phiu · sà-kráp

disposable pants · wet room or covered table · 45–60 min

Salt, sugar, coffee, tamarind or turmeric. A rinse or shower afterwards is part of the service — a scrub sold with nowhere to wash is a facilities problem. Skin stays tender; not the morning before a long day in the sun.

ครอบแก้ว

khrováp kέeo

back uncovered · table · 20–30 min, usually added on

Cupping. Round bruises that stay visible about a week. Body กั๊วชา leaves red streaks the same way. Both are the intended result, not an injury.
